The Honorable Jocelyn G. Boyd  
Chief Clerk / Administrator  
Public Service Commission of South Carolina  
101 Executive Center Drive, Suite 100  
Columbia, South Carolina 29210

RE: South Carolina Electric & Gas Company  
Notice of New Natural Gas Construction Project

Dear Ms. Boyd:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of natural gas construction projects with costs of \$500,000 or more. See 10 S.C. Code Ann. Reg. 103-412.2.7(A). In compliance with the regulation, this letter serves as notification to the Commission that SCE&G plans to install approximately 3 miles of 12-inch steel transmission natural gas pipeline from the existing town border station off of U.S. Highway 17, approximately 1.38 miles northeast of the Georgia-South Carolina border to the intersection of U.S. Highway 17 and S.C. Highway 170. This project is to relocate the existing 10-inch transmission line due to the South Carolina Department of Transportation's widening of U.S. Highway 17.

SCE&G anticipates that construction will begin August 2018 and that the total cost of this construction project will exceed \$500,000.

By copy of this letter, we are also notifying the South Carolina Office of Regulatory Staff of the Company's planned construction project.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

  
Matthew W. Gissendanner

MWG/kms
